Life Dance by Willy Kelly

Life Dance, Life dance
Life Dance, Life dance
Life Dance, Life dance, hmm…

Verse 1:
We learn to walk, we learn to run, Learn to stand alone
Learn to laugh, we learn to cry, Learn what's right and wrong
We walk the path we get to choose, With eyes held open wide
Speak the truth, sing out loud Steady like the tide...
Looking trouble in the eye...

Chorus:

Life Dance, Life dance
Life Dance, Life dance
Life Dance, Life dance, hmm…

Verse 2:

Mother gives us all we need, She guides the sun and rain
And plants to grow to keep us fed, And help to ease our pains
While Father sees the many roads, A man can wander blind,
And still believe that certain path, Is there for him to find...
And he walks with peace of mind...

Refrain:

Mama... It's such a troubled world
She Says… Just keep walking on
She Says… Try to live right 'til your gone... gone...

Papa… When can I play the drum
He Says… You earn the life you want
He Laughs… So many silly plans... He cries...

Chorus:
Life Dance, Life dance, Life Dance, Life dance
Life Dance, Life dance, Life Dance, Life dance

Life Dance, Life dance, Hmm…
